

Scriptures for Easter Week, Daily Readings & Devotionals

As we come to Holy Week, may we approach it in a new way. May we take the extra space and time

we have to make this a meaningful week as we make our way to the cross. Make a space to center: find a purple cloth, a candle, light the candle and take a moment to simply breathe. Take your time with the scripture, inviting the Holy Spirit to open your mind and heart, to hear these familiar verses in new ways. When you have slowed down and are ready, read the passage for the day and consider:

What sounds and smell would you hear and experience if you were in the story?

Which character would you be?

What stands out to you?

What questions do you have about the scriptures?

What questions would you like to ask Jesus about?

What catches your heart?

What do you learn about walking with Jesus?

What do you learn about your own journey?

What grace can you claim in today's reading?
